Overview

- History participation in European FPs
- Non-, partial and full association
- Consequences and challenges
- Advice
- Questions

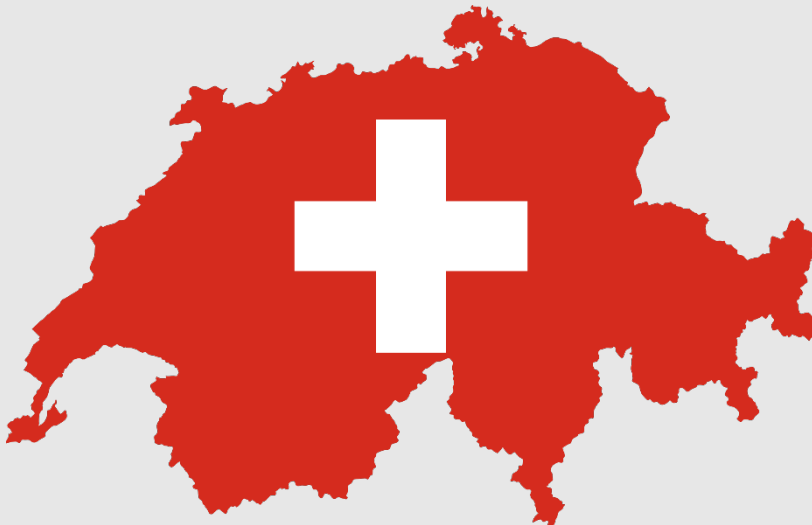

History participation in European FPs

FP1 – FP5	Not associated
FP6 2003	Not associated
FP6 2004 - 2006	Associated
FP7 2007 - 2013	Associated
Horizon 2020 Jan – 8 Feb 2014	Associated
Horizon 2020 9 Feb – 14 Sept 2014	Not associated
Horizon 2020 15 Sept 2014 – end 2016	Partially associated
Horizon 2020 1 Jan 2017 – 31 Dec 2020	Associated

Full association

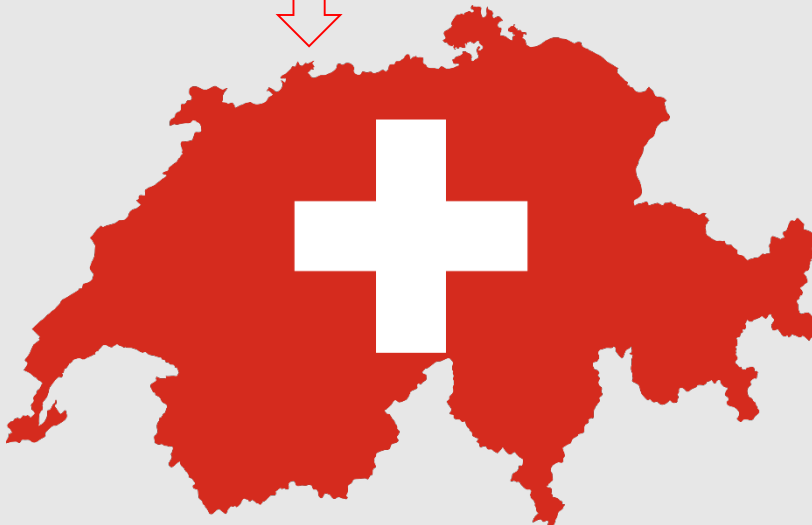

CH contributes to FP budget

Innovation and Education

Non-association (only cooperation projects)

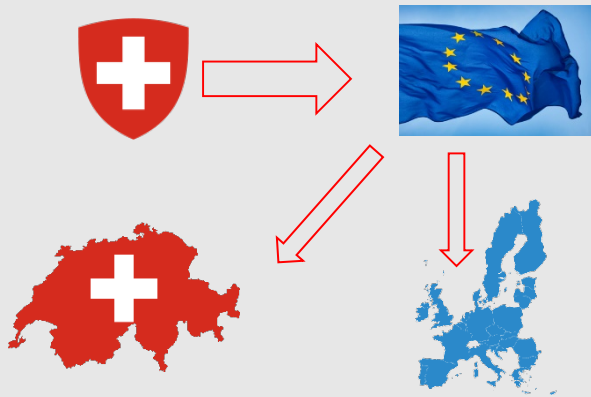

SwissCore

Contact Office for European Research
Innovation and Education

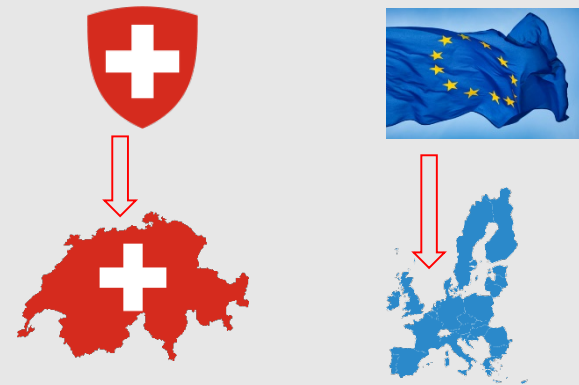

Partial association H2020

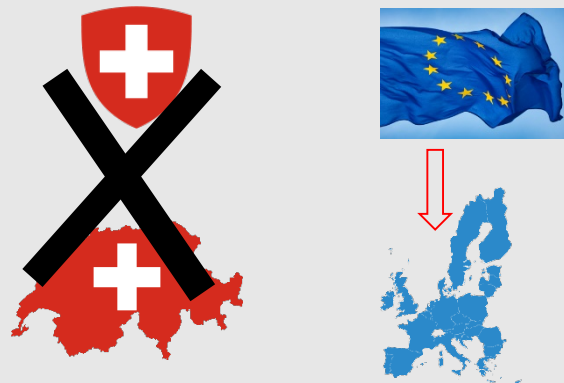

Pillar I

Pillar II and III

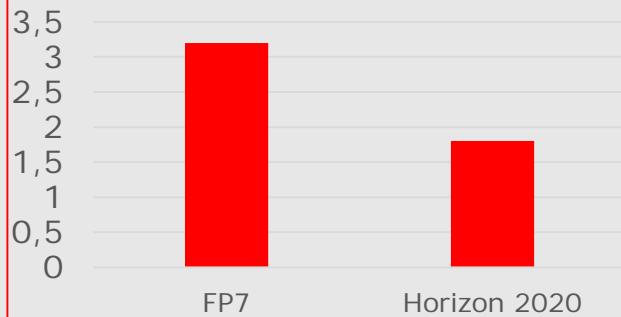

SME Instrument and Access to finance

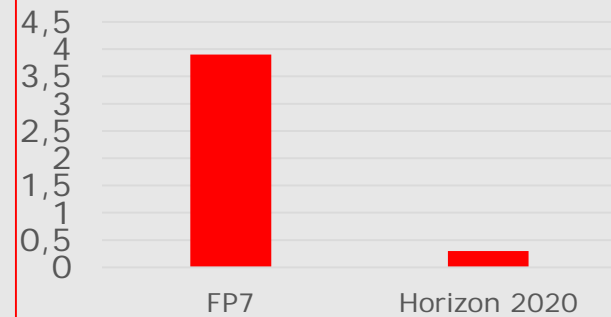

Consequences

Total participaton in percentage

Total coordination in percentage

Consequences and challenges

- Participation went down
- Uncertainty about status: unclarity in terms of communication
- Cut off from PC meetings hence information flow
- Loss of scientific leadership and influence on EU policies
- A lot of bureaucracy:
 - Setting up a new system at national level
 - Hire new people
 - Seperate administration for CH partner

Advice – communication!
