Mickey?

Oh! Minnie, is that you? Are you working in Norway now? Didn't know that you were in that many networks. I must follow you 😊

The Profile Doctors

Why should you use academic network sites?

Avoid author ambiguity

Have one place to store all your scientific work

Make your work visible and accessible

Create a network and follow your peers

Have one place you can refer to when writing proposals

Get recommendations about new publications directly

Get instant credits for your publications

Brilliant – you have profiles in the citation databases! That means that I can see all your publications, and not just the ones published in Norway. Also interesting to check out your co-authors, h-index etc. Now I know a lot about you;)

So how did it go?

FUN FUN FUN!!!!

How and where did/can we use it?

UiB 'digital day' digital myldredag

Horizon2020 Kickoff

Research days at faculties

PhD days

.....

Just do it and have fun!

Thank you!
